

## BAES Faculty Email Address

Dear Parents,

I know for the past few years that there has been a more informal atmosphere at BAES and while that is important and I do not want to lose the close parent/teacher connection, I am also working with teachers this year on getting ready for our accreditation visit, building a stronger inquiry based curriculum, and focusing on assessment and student learning. You are welcome to contact your child's teacher at any time but unless it is an emergency, please contact your child's teacher by email and set up an appointment. In an emergency call the office (**4495920**) and we will reach your child's teacher and he/she will return your call as soon as possible. It is important for our teachers to focus on **teaching and learning**.
